Market News

NEW YORK, April 15.—The ap-
proaching completion of the peace
treaty, as outlined by latest cables
from Paris, and the encouragement
shown in high financial circles towards
the coming Victory loan, provided the
foundation for another strong and very
active session of the stock market to-
day.

Rails were again handicapped by
further heaviness of St. Paul issues
and some coals, but Southern Pa-
cific held a part of its two point ad-
vances, although other transconti-
nental were due. United States steel
threw off much of its recent pressure,
making its highest quotation of 99 3/4, a
gain of 3/4 of a point in the active
dealings that marked the final hour.

Among the strongest features were
Pacific mail, marine common and pre-
ferred and United Fruit, also Mexican
petroleum, Texas company, Pan-Amer-
ican, Sinclair oil, Baldwin locomotive,
American locomotive, General Electric,
American woolen and industrial al-
cohol.

Metals, leathers, tobaccos and motor
accessories contributed their usual pro-
portions, but food and fertilizer issues
were less prominent. Sales were 1-
225,000 shares.

The bond market, including Liberty
issues, were hesitant on reduced offer-

Auto Road News

Motorists who have traveled over both the upper and lower
roads to Agua Caliente report that the lower route is much the
better. The only good part of the upper road is said to be the
short section of graded highway built by convict labor some
time ago. The deserts are covered with spring flowers in many
places, producing a pleasant change in the usual monotony of
desert traveling.

The Parker cut off is still in favor among those who travel
overland to Los Angeles. The road through Yuma county to
Parker has recently been dragged. Travel is beginning to in-
crease from Phoenix to Los Angeles.
